Garage Doors Done Right!™

A new garage door makes a world of difference.

A garage door refresh is a great way to welcome in the new season! Colder temperatures may have wreaked havoc on your garage door and the system behind it, so now is a great time to install a new door and make sure everything is working properly.

A new garage door is also a great way to get more out of your home if, and when, you decide to sell. **About 93% of the costs are recouped due to the boost in resale value.*** And unlike other renovation projects that can take months to complete, your new garage door can be installed in an afternoon with minimal hassle.

Precision is the garage door expert for a reason. Our technicians are IDEA certified through the renowned school the Institute of Door Dealer Education and Accreditation, which means you can expect expert service and your installation or repair done right the first time. Precision also offers the industry's leading warranty since we're so sure of our technicians' work; the *Precision Done Right! Guarantee* covers workmanship for up to 5 years.

With so many styles, colors, and materials to choose from, there's a door to suit every home and any budget. Best of all, we can help you navigate through the many options and help you design the new garage door of your dreams. We have expert Door Design Specialists in every market to help you find the perfect door.

Safe. Easy. Smart garage.

Smart technology has been enhancing our lives for years now – from smart fridges to voice assistants to WiFi in your car. Your garage should be smart, too!

Many garage door openers are now equipped with WiFi so you can open and close your door with a few taps on your smartphone. You can simply download an app while your new opener is being installed and rest easy knowing the status of your door 24/7 from anywhere in the world. With real-time alerts delivered through the app, you can secure your home even if someone else in the household isn't so diligent. The app can open or close the garage door from anywhere, so you never have to worry about leaving your home, family, or possessions vulnerable.

For the ultimate peace of mind, in-garage cameras can also be installed so you can always be sure of what's going on in the garage – from the other side of your house or the other side of the world. You can check in on kids playing, contractors working, or even investigate that odd noise without ever setting foot in the garage.

.....

Garage technology for your peace of mind

.....

The innovation doesn't stop there. There are ways to have packages delivered right into your garage and to have door data sent to your garage door technician if there's ever a problem. The possibilities for a smart garage are truly endless!
